LASER MARKING SYSTEM PORTABLE AND COMPACT

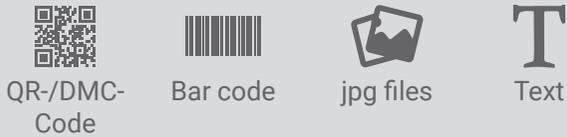

OSWALD

EASY MARKING OF BIG PARTS

MARKING MATERIALS

- Metals: steel, cast iron, aluminium, copper, bronze, brass, stainless steel
- Ceramics
- Plastics (nontransparent)
- Wood, leather

MARKING OBJECTS

POSSIBLE MARKING TECHNIQUES

- Laser engraving
- Oxidation labeling
- Remelting process
- Color occasion marking

COMPONENTS

- Pulsed fiber laser with 20 W optical output (up to 4,3 kW pulse peak power)
- High-precision galvo scanner
- Safety-SPS according Industry standards
- Li-Ion battery technology

SCOPE OF APPLICATION

- Industry
- Trade
- ... and much more!
- Handcraft
- Service

CREATE YOUR JOBS ANYWHERE

Easy to program the marking objects.- "From the field for the field"

PORTABLE LASER MARKING SYSTEM

MARKING EXAMPLE
